

# DRUM PUMPS

**RIGAL BENNETT easy clean portable drum pump.**

***PRINCIPAL APPLICATIONS***

***Food, chemical, paint & pharmaceutical industries***

- We offer a range of single speed pumps with single or 3 phase supply or variable speed via inverter for hazardous areas. EXD. or air drives are available.
- Pumps can be supplied with screw fixing, flange mounting or even fitted on to one of our mobile or fixed lifting cranes.
- If pump touches the bottom of your container it will still pump as the head is on short legs enabling the pump to virtually empty drum.
- Different tube length can be ordered to suit your requirements.

Please read table below showing our standard range of pumps. We are able to quote to supply one off specials to suit our customers' requirements.

MODEL	KW	AIR/PHASE	SPEED	CFM
